Withdrawal

A withdrawal form must be completed with Student Services to withdraw from a course or from the University. Not following this procedure may result in "F's" for all courses for which you are registered. Students are liable for all tuition and fees.

By enrolling in classes at the New Mexico State University (NMSU), a student makes a financial commitment to pay the tuition and fee charges associated with that enrollment. The enrollment action constitutes a financial obligation between the student and NMSU and that all proceeds of this agreement will be used for educational purposes and constitute an educational loan pursuant to 11 U.S.C. § 523(a) (8).

The following terms and conditions are financial requirements of each student's education related to their registration for a term at New Mexico State University. The payment of tuition and fees is the obligation of the student. **By processing a course registration either via the Web or by submitting a course request card to an academic student registration area, a student acknowledges they have read and agree to the following terms and conditions:**

- Registration constitutes a financial agreement between you ("Student") and New Mexico State University ("NMSU"). Tuition, fees and other charges you incur, including but not limited to bookstore charges ("Charges"), shall be added to your student account and are considered a loan for educational benefit.
- Once you formally register for classes, you assume the responsibility for understanding New Mexico State University's official policies concerning schedule changes, satisfactory academic progress and the financial policies of the University as described in the 'New Mexico State University Undergraduate Catalog' or 'New Mexico State University Graduate Catalog' for the term of enrollment.
- Installment payment arrangements will be automatic with a non-refundable deferred payment fee for any Charges not paid in full within ten (10) business days of the start of the term. For specific date, please check the 'Schedule of Classes' for the enrollment term.
- Charges may be prepaid at any time in whole or in part without premium or penalty.
- Charges left unpaid for prior terms will result in disenrollment from your current term courses unless payment arrangements are made with University Accounts Receivable prior to the disenrollment date. For that specific date, check the 'Schedule of Classes' for the enrollment term.
- In the event that you become delinquent in paying Charges or default in repaying Charges you will be liable for collection fees and any other costs incurred by New Mexico State to collect any monies due from you.
- Students withdrawing after the stated refund dates remain liable for full tuition and fee charges. Collection costs incurred in the event of delinquency shall be at the expense of the Student.
- NMSU accepts payment via student financial aid and third party sponsorship, but the responsibility for payment remains with the student. It is your responsibility to keep track of your account balance and any funding sources. If financial aid is not granted or if third party sponsors do not pay within a reasonable period, the student will be required to pay the full amount due.
- If the New Mexico State University prevails in a lawsuit to collect on this financial obligation, Student will pay NMSU's court costs, collection agency costs, and attorney's fees in an amount the court finds to be reasonable.
- It is your responsibility to check your myNMSU email daily and maintain a current postal address to ensure receipt of all University correspondence. **TI**

The enrollment action constitutes a financial obligation between the student and NMSU and that all proceeds of this agreement will be used for educational purposes and constitute an educational loan pursuant to 11 U.S.C. § 523(a) (8).

Students withdrawing after the stated refund dates remain liable for full tuition and fee charges. Collection costs incurred in the event of delinquency shall be at the expense of the borrower. Although the University accepts payment via student financial aid and third party sponsorship, the responsibility for payment remains with the student. If financial aid is not granted or if third party sponsors do not pay within a reasonable period, the student will be required to pay the full amount due.

- The refund schedule on page 8 applies when courses are dropped and a tuition adjustment is necessary.
- Refunds for dropped credits will not be issued until after the last day to add a course.
- No refunds will be made on classes of less than five weeks duration.
- Part of Term refunds are based on class days completed.
- In cases of academic or disciplinary suspension, eligibility for refund will depend on the conditions of the suspension and will be entirely at the option of the University.
- Special Fees are refunded in full through the 100% refund period; thereafter, fees are non-refundable.
- Withdrawal refunds are calculated as of the date the withdrawal form is completed with the Registrar's Office.
- **Recipients of financial aid grants and loans who drop credits or withdraw may be required to return all or a portion of awarded Title IV funds.**

Students who are enrolled but choose not to attend must officially withdraw from the University. To officially withdraw, please go to the Registrar's Office.

Any funds remaining, after paying University expenses, will be available to students through the NMSU Grants Business Office. Prior term charges due to the University and non-institutional charges (i.e. Health Center charges, Degree fees, etc.) cannot be taken from a student's Financial Aid and/or Scholarship awards, therefore a balance may still be due to the University after a Financial Aid Refund is issued to a student.

Direct Deposit of Financial Aid to a student's checking account is available. To sign up for this service log on to my.nmsu.edu and click on the direct deposit link under student financial aid to securely input your bank account information.

Financial aid will not pay for UNIV000/UNIV999 courses, audit courses, and undergraduate repeat courses for which the student has received a "C" or better. Financial Aid **might** not pay for courses added after the census date.

Students must notify the Office of Student Financial Aid and Scholarship Services of any/all additional resources: scholarships, veteran's benefits, tuition waivers, stipends, WIA, DVR, state or federal program awards, and others which may be received, so as not to jeopardize the financial aid award. All financial aid offers are subject to revision due to changes in policy, law, regulation, errors, or funding. The student is responsible to repay excess funds disbursed due to any of these reasons.

Students receiving loan awards must be enrolled at least halftime and first time borrowers must complete an online Entrance Counseling session at www.nmsu.edu/finaid prior to loan disbursement. **Students who receive grants or loans and withdraw or stop attending classes within the first 60% of the semester will be required to repay a portion of aid received, per the Department of Education's return of Title IV regulations.**

Students whose financial aid files are incomplete must complete their registrations and make payments according to the University payment plan without assistance of financial aid. Students should visit with the financial aid office to review file status and to make arrangements to complete their files. Financial aid cannot be disbursed until a student's file is complete. To avoid delays students should complete their financial aid early and accurately. In addition, satisfactory academic progress will be monitored to determine eligibility for financial aid. Satisfactory academic progress includes: maintaining a cumulative grade average of a 2.0 for undergraduate students, 3.0 for graduate students; satisfactory completion of credit hours attempted; and a maximum time frame to complete degree. Contact the financial aid office for further details.

The Student Services Office has grant, loan, scholarship and work-study information. Although you are responsible for financing your education, aid is offered to supplement funds you and/or your parents are able to provide. For most financial aid, you need to carry at least a 2.0 (based on 4.0) grade point average (GPA) and pass 2/3 of all attempted

coursework. Financial aid comes from federal and state governments, local groups, individuals, and tribal offices. You can apply for financial aid (FAFSA) online at www.fafsa.ed.gov. Check the status of your financial aid application at my.nmsu.edu and print forms at <http://fa.nmsu.edu>. The FAFSA is required before you can qualify for most federal types of financial aid, including Pell grants, loans, work study, and many scholarships, including Tribal Scholarships. Allow plenty of time for the Las Cruces Office of Financial Aid to complete a Tribal Needs Analysis, often required by your Tribe.

See next page for more detailed information.

Student Code of Conduct

The Vice President for Student Affairs (NMSU Las Cruces) establishes and enforces standards of conduct for all NMSU students. The Vice President for Student Services, Beth Armstead, enforces conduct for the Grants campus. Obtain your copy of the Student Code of Conduct in Student Services.

Course Transfer

The institution to which you transfer determines transferability of courses taken at NMSU Grants. Usually, general education courses (marked "G") are accepted by other institutions when these courses apply to a degree program at the school. Technical, vocational, or special courses (OE/BOT) may be applied to Baccalaureate degrees only upon petition to and approval from the institution to which you transfer. For information, contact an adviser or review a copy of the latest NMSU Grants catalog and consult the institution you may plan to transfer credits to.

Children on Campus

Children should not be left unattended or be permitted to disrupt classes. Small Wonders Child Care Center, on the NMSU Grants campus, offers childcare to students, faculty, and staff for children, ages 6 weeks to 12 years, for an established fee. Contact Small Wonders Child Care Center, 287-3868. Apply early as there is often a waiting list. The Center does not offer "drop in" care.

ADMISSIONS

All new, readmitted, and transfer students must apply for admissions prior to registration.

Students will be accepted as either degree seeking or non-degree seeking; after all official transcripts are in our office. All applicants must be either high school graduates or must have successfully passed the GED exam. Transfer students must verify that they are eligible to return to any previously attended colleges. Admission applications are available from the NMSU Grants Student Services Office or by applying online.

To apply for admissions or readmission:

- 1- Complete an application for admissions. If you are applying for financial aid or veterans benefits, you must apply as a degree seeking student.
- 2- Submit the completed application to NMSU Grants, 1500 N. Third Street, Grants, NM 87020. If you have never taken classes at NMSU before, you must include with your application a one-time, non refundable \$20 admission fee *unless you apply online*.
- 3- Request that your GED scores or transcripts from former high schools and/or colleges be sent directly to NMSU Grants.
- 4- An Admission Status Letter will be provided to you upon request.

Note: Student in non-degree admission status is not eligible for Financial Aid or Veterans Benefits.

Changing Admissions or Enrollment Status

The deadline for changing admission status from non-degree to degree seeking is census date. After this date, students will remain in the non-degree seeking status for the term. The deadline for changing enrollment status from credit to audit or graded to S/U is census date.

Social Security Numbers/NMSU Banner ID in Student Records

Social security numbers are collected for prospective and current students for administrative coordination and record identification purposes only. Although procedures have been established by the Registrar for assignment or an alternative number upon request, students who wish to be employed on campus or to receive financial aid are required by law to provide their social security number for administrative use. Further, the university is mandated by federal tax regulations to provide tuition and fee payment information to the student and the Internal Revenue Service, so that applicable educational tax credits may be computed. The social security number will be necessary to submit this tax reporting. In the event that the university does not have the social security number for a student, a reasonable effort will be made to obtain this information. The social security number is a confidential record and is maintained as such by the university in accordance with the Family

Educational Rights and Privacy Act. A NMSU Banner ID number is assigned to each admitted and enrolled student and will be used as the primary identifier when enrolling for classes through Student Services, for obtaining printed class schedules, and for all Business Office transactions. The Banner ID number can be found after logging into your MyNMSU account.

FINANCIAL AID

Applying for Financial Aid, including Scholarships

Information about Federal & State Financial Aid may be found in the Student Services/Business Office, including the NMSU Grants scholarship application. All students are encouraged to complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov. Completing your FAFSA as early as possible (i.e. March 1) will ensure that your funds are ready at the start of your semester, as long as you satisfy all processing requests at the Financial Aid Office.

Financial Aid Disbursement

Financial aid awards will be applied to a student's account based on the university's payment priority policy. Refund checks are disbursed by the Business Office or directly deposited to a personal bank account. Students may sign up for direct deposit through my.nmsu.edu/student and financial aid.

Students who enroll in fewer than six (6) credit hours should visit with a financial aid advisor to determine what effect enrolling at less than half-time will have on their Federal/State financial aid award. Students who are enrolled less than full-time may lose that award unless the scholarship specifically states that less than full-time enrollment is required. **Students who are enrolled but do not plan on attending must officially withdraw from the University. To officially withdraw please go to the Student Services office.**

Mini and late starting courses will only be included as eligible enrolled credit hours if the course is included in the student's class schedule by census date (see Academic Calendar). Financial aid will not pay for audited courses or courses that students received an "I" grade or has previously completed successfully.

Students must notify the Financial Aid Office of any and all additional resources they may receive such as: scholarships, veteran's benefits, Tribal awards, employee tuition waivers, stipends, WIA, DVR, state or federal program awards, and any other aid that may be received, so as not to jeopardize the financial aid award. All financial aid offers are subject to revision due to changes in policy, law, regulation, errors, or funding. The student is responsible to repay excess funds that were disbursed due to any of these reasons.

Students receiving loan awards must be enrolled at least half-time (six credits) and those enrolled for the first time at NMSU Grants must complete online entrance counseling for loan repayment prior to loan disbursement. Online sessions are available at <http://fa.nmsu.edu>. Students then complete a Master Promissory Note online. If completed correctly, loan payment generally arrives in ten business days or less. Students only have to complete 1 MPN for all Direct Lending Loans. Perkins loans have a separate counseling and MPN.

Financial aid cannot be disbursed until a student's file is complete. To avoid delays, students should complete their application/file early and accurately. Students whose financial aid files are incomplete must complete their registrations and make payments according to University payment plan without assistance of financial aid. Students should visit with their financial aid advisor to review file status and to make arrangements to complete their files. The Financial Aid office communicates with students through my.nmsu.edu email and financial aid awards and/or requests for verification are available online.

Students who receive grant or loan aid will be required to repay a portion of aid received if they withdraw from the university or stop attending classes within the first 60% of the semester. Additionally, students who make changes to their schedule during the add/drop period may be billed if excess funds were disbursed.

Satisfactory Academic Progress (SAP)
Federal regulations require that financial aid recipients meet certain academic standards to be eligible for federal financial aid. Academic transcripts are reviewed to ensure that financial aid recipients are making satisfactory academic progress. All terms of attendance are reviewed, including periods in which the student did not receive financial aid, and all transfer work is taken into account when satisfactory progress is reviewed. These standards, which students must meet to maintain eligibility for financial aid, are:

1. **Cumulative Grade Point Average:** Undergraduate students must maintain a cumulative grade point average (GPA) of at least 2.0 ("C" average). Grades of "I", "CR", "RR", "PR", "NC", "W" or "AU" are not calculated in the GPA.
2. **Credit Hour Progression/Course Completion Rate:** Students must complete a minimum of 66.667% (2/3) of all course work (registered credit hours) attempted. Any courses with a grade of withdraw (W), incomplete (I), failed (F), repeats (RR), audit (AU), or no credit (NC) is not considered completed course work. Repeated courses are included in the calculation. Courses dropped before census date are not counted as attempted credit hours.

3. **Maximum Time Frame:** Students must complete their program within 150% of the credit hours required by the program. Students who have reached the maximum allowable time will be suspended from receiving financial aid. Total attempted hours including repeated courses and transfer course work are included in the student's maximum time frame calculation.

Students are encouraged to speak with a financial aid advisor to understand their status and to consider an appeal to the above if circumstances may warrant an appeal.

Effect of Schedule Changes on Financial Aid Award

Students who received aid and subsequently reduce their enrollment status (example: paid at full-time and drop to 11 credits) during the add/drop period will be billed for the over payment. Students are not eligible for additional aid when they add mini-sessions after the add/drop period (Census date).

VA Benefits: Certification, Verification and Admission

NMSU Grants courses have been approved for study by veterans and others who qualify for veteran's education assistance. Processing applications and certifications takes from 4 to 5 weeks and should be initiated well in advance of course registration. Veterans must verify their courses with the VA certifying official in the Financial Aid Office each semester for continued certification. The VA toll free number is 1-800-827-1000 or you can visit their website at <http://www.vba.va.gov>. Veterans must maintain satisfactory attendance, conduct, and progress. If the veteran does not meet the standards set by NMSU Grants, the VA Certifying Official must notify the VA, at which time the VA office will stop benefits.
